Specifications and Drawings of Patents, July 1871 to date

(Arranged numerically in order of issue. Number 2,712,130 was issued June 28, 1955. From 500 to 800 new patents are granted weekly. One of the few complete files available for public use.)

Official Gazette of the United States

Patent Office. Vol. I

1872 to date

(Issued weekly. Contains abstracts and drawings of patents, arranged in three sections: general and mechanical, chemical, and electrical, with patents listed by class and sub class order within each section. The Gazette also includes a classified list of patents and an alphabetical index of patentees, as well as reproductions of design patents and trademarks.)

Index of Patents

1843 - 1953

(An annual alphabetical list of patentees and inventions. The simplest guide to exploring patents.)

Subject Index of Patents

1790 - 1873

(Abstracts of patents between 1843 - 1871 may be found in the Annual report, a three volume alphabetical subject listing.)

Manual of Classification of Patents

(This, together with the Definition book and the Classification bulletins, makes searches possible. Their use is explained in the booklet "How to Make Patent Searches in the Los Angeles Public Library." To expedite their patent searching, patrons may purchase from the Patent Office for a small fee per page, lists of the numbers of all patents in the specific class and subclass in which they are interested.)

United States Patent Office

Decisions of the U.S. Commissioner of Patents. 1869 to date.

(A yearly compilation of court and patent office decisions in patent and trade mark cases.)
